

## CANOPY & BAY FLOOD

A very powerful, utility flood for high performance surround lighting.

For use as a low bay downlighter or a canopy uplighter (with easy access for maintenance).

### Key Features:

- A strong sheet steel body finished in white.
- Supplied complete with ballast and lamp.
- Toughened glass cover with a high purity aluminium reflector.
- Porcelain lamp-holder.
- Rubber seals for IP54 protection.
- Recess or surface mounting.
- Removable trim for easy access.

Applications include:

Warehouses, Large Sheds, Bus or Train Stations, Multi-story Car Parks and Petrol Stations.

We are able to offer customer specific enclosure sizes and finishes.

Product	Length	Width	Depth
