

ECO FAMILY

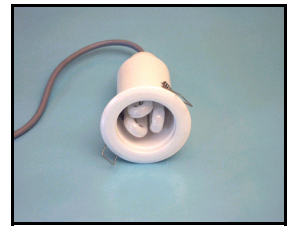

A small, recessed downlighter using a 13W or 18W low energy lamp. An energy saving, longer life, alternative to dichroic lighting.

For use in mains and emergency lighting applications.

Key Features:

- Small luminaires for discrete lighting.
- Supplied complete with lamp and HF electronic ballast housed in a separate aluminium matchbox can.
- A white finish or a choice of Brass (B), Chrome (C), or Satin Nickel (SN).
- Suitable for use in installations with restricted void width, and public buildings.
- Emergency 3 hour maintained versions suitable for escape route lighting housed within a separate enclosed gear tray.
- Drop glass (D) or IP44 (IP) options
