

MIRUZ

An extruded aluminium, high quality spotlight for small or large indoor settings.

A low energy, long life solution using high lumen HQI lamps.

Key Features:

- An extruded housing finished in white or black.
- Supplied complete with integral gear and lamp.
- Tempered glass and a high purity (anodised aluminium) reflector.
- Suitable as a ceiling or bar mounted spot.

For Use Anywhere:

Applications include shop window displays, show rooms, hotels, galleries and restaurants.

Product	Depth	Width	Height
