

ROMA

A large, robust, diecast luminaire to IP65 standard.

A low energy, long life solution to high performance floodlighting in medium to large areas.

Key Features:

- Corrosion resistant and weather proof in a standard black finish.
- Constructed of injection moulded, impact resistant polycarbonate.
- Supplied complete with ballast and lamp. Both lamp and control gear are thermally separated.
- Choice of high intensity Metal Halide, Sodium or Mercury lamps for achieving the colour render and intensity required.
- Heavy Duty Steel Bracket
- Options include: a polycarbonate lens (P) and photocell (PH)

For Use Anywhere:

Suitable for sports fields, large car parks, tennis courts, exhibition sites, bus and train stations, and airport areas.

Product	Height	Width	Depth
Roma	345 mm	450 mm	290 mm
